March 10, 1989

Henry Olders, m.d.
CPC Pavilion

Dear Henry:

May is coming again and that means that the Diploma Course Continuing Care Block is also coming. I want to thank you once again for your excellent lecture and exceptional hand out from last year and with that thanks goes a request to have you repeat the experience again for the benefit of this year's residents and also for my benefit, because I certainly got a lot out of your presentation and the paper. I have tentatively scheduled your seminar entitled Overview of Psychological Intervention with the Patient and his Family for Tuesday May 16, 1989 from 9h00 a.m. to 10h15 a.m. at the Research & Training Building Seminar Room 3. If you are going to have a hand out could you please send it to Mrs. Curtis well in advance so she can distribute it to the residents. She would let you know how many residents will be involved in this year. I hope you can participate in this Block once more and I would invite you to communicate with Mrs. Curtis at 392-7294 to confirm. If you should need any audiovisual aids please also confirm these with her so that arrangements can be made in plenty of time.

I look forward to your participation again this year.

Yours sincerely,

David Bloom, m.d., F.R.C.P. (c)
