Dear Dr. Olders

On behalf of the Senior Citizens' Forum of Montreal, I wish to thank you for the information you gave us on the topic "Mental Health and the Elderly" on Monday, May 31, 1993.

The discussion that took place under your skilful guidance was most stimulating. Everyone was happy to have attended such a good meeting.

Thanking you again for giving us some of your precious time and wishing you a nice Summer, I am,

Yours Sincerely
