Dear Dr. Zicherman,

I would like you to know that the volunteers of the Bereavement Team of Hope & Cope invited Dr. Henry Olders to lead a discussion at our team meeting on October 5th. This centred around self-disclosure for those volunteers working in Mutual Aid.

Dr. Olders did an excellent job of drawing out valuable insights, observations and experiences from the volunteers, enabling each of us to better understand our individual roles, and to appraise the use of self-disclosure more critically. This was a valuable teaching for our volunteers.

Yours Sincerely,

*Lesley Levy*
