Dear Henry

On behalf of the Canadian Psychoanalytic Society and myself I'd like to thank you for what was a most meaningful presentation. From the feedback that I got from your audience I know that the evening was a resounding success.

As a token of our appreciation I'd like to offer you \$100, which given the effort that you contributed is obviously only symbolic. I look forward to working with you again in the future and welcome any ideas that you might have about the program.

Thanking you again, I remain

Yours truly

Oscar
