Dear Henry:

I am writing to you on behalf of all the doctors at Maimonides Hospital.

We appreciate the years that you have given to Maimonides Hospital and we know that we were lucky as were our patients to benefit from your expertise as well as your active involvement in the activities of the medical department.

Finding another psychiatrist with your expertise and involvement will certainly not be an easy task.

Yours truly,

Jack Gaipman, M.D.
Chairman - Medical Executive Committee
