June 28, 2000

Dear Dr. Olders,

On behalf of the Entre Nous Senior Group, I would like to thank you for a most informative talk that you gave on Tuesday, June 28, 2000. The feedback that I received from the participants regarding your easy-going delivery and relevant information was very positive. The attendance was the highest we have had all year and that was due, I am sure, to the relevance of your topic.

There is a very definite need for programs of this nature to help and inform seniors.

Thank you for taking the time and effort to prepare and present this worthwhile program.

Sincerely,

Rhona Samsonovitch

Program Director
