Dear Dr Olders,

On behalf of those in attendance at our Mental Health Teaching Rounds at Installation CI.SC René-Cassin on November 8th, 2005 please allow me to thank you for your very informative presentation on "*Psychiatric Medication Demystified*".

The time and effort invested in the preparation of your presentation was greatly appreciated and contributed to its success.

We strongly believe the sharing of expertise to be imperative in our growth as clinicians and feel privileged when presenters, such as you, take the opportunity to convey your knowledge.

Again, our sincere thanks,

Nona Moscovitz
Chef d'administration de programme
Mental Health Direction, Intellectual and Physical Deficiency, Addictions
