Montréal, Québec H3T 1E2

Re: *The April 29th 2001 MCSA Public Lecture entitled "Age is Just a Number: The Psychology of Staying Young"*

Dear Doctor Olders:

I hereby write to you on behalf of the members of the McGill Centre for Studies in Aging's Public Relations Committee to thank you for your excellent presentation at the above-cited lecture. I honestly believe that you successfully reached our guests and increased their awareness on the issue of aging.

A cheque for your honorarium as well as a videotape featuring the lecture will be sent to you under separate covers in the not too distant future. Thank you once more for your participation and we look forward to future collaborations,

Most sincerely,

Lyne Jean
Centre Administrator
Chairperson
Public Relations Committee
