Re: Dr. Henry Olders

To Whom It May Concern:

I am writing this letter of reference regarding Dr. Henry Olders on his request.

I have had the opportunity to work with Dr. Olders during a period from 1987 to 1991 while I was in the position of director of the Community Psychiatric Centre at the Douglas Hospital in Verdun, Quebec. This was a period in which the community Psychiatric Centre restructured its services, i.e., by increasing the number of partial hospitalization services available. Dr. Olders was one of the psychiatrists that supported this development and demonstrated leadership as can be reflected in his appointments as shown below:

Chief of Service, Day centre for chronic patients, 1987-1989
Teshault Service, Crossroads Day Hospital, 1987-1989
Attending psychiatrist, Reed 2 admitting unit, 1987-1991
Clinical director of outpatient services, 1989-1991

Dr. Olders was a conscientious and committed clinician. He was reliable and thorough in his administrative responsibilities. He maintained an active interest in research and was a well respected and liked teacher. He was also a consistent participant in the social activities involving the centre, showing his commitment to teamwork and moral building.

Should you need any further information, please do not hesitate to contact me.

Sincerely,

Pierre Leichner, M.D.,
Psychiatric Director
Eating Disorders Program
