Dr. Henry Olders
Dept. of Psychiatry
Jewish General Hospital

Dear Dr. Henry Olders:

I would like to take this opportunity to thank you for your participation in the Med II course "Introduction to the Practice of Medicine".

As leaders of the small group program you have played an essential part as role models and teachers of medical interviewing skills. This course would not have been as effective without your contribution.

Thank you for your interest and support.

Yours sincerely,

Abraham Fuks, M.D., C.M.
Dean
