Dr. Henry Olders  
Douglas Hospital Centre  
6875 boul. LaSalle  
Verdun, Quebec  
H4H 1R3

Dear Dr. Olders,

Thank you very much for the attention you gave me during my psychiatry rotation. I enjoyed working in psychiatry and gained much insight into the understanding of personality disorders, psychoses, and affective disorders.

I hope all went well with the recovery of my patient and I trust that you received my discharge summary that I wrote before I came here to Cowansville.

I must tell you that psychiatry is indeed among my "differential" for career choices, and I would appreciate a letter of reference from you as I will be applying to residency programs later this year. Please address it to :

Dr. Wendy McDonald  
Associate Dean Faculty of Medicine, McGill University  
3655 Drummond  
6'th floor  
Montréal, Québec  
H3G 1Y6

Thank you very much.

Sincerely,

Richard Shulman med III
