Dear Dr. Olders,

It is with pleasure that we are sending you a copy of "Mental Illness: a Handbook for Families".

In the long, intensive process of preparing the Handbook, many individuals have taken part; your comments and input have been very helpful and much appreciated, and we thank you for that.

We hope this Handbook will prove to be a helpful and useful guide for families and professionals alike, and once again we thank you for being part in its development.

When our present supply runs out, we expect to produce a second edition. Your critique and response to our evaluation form in the Handbook will be much appreciated.

Sincerely,

Monty Berger
Monty Berger
President

*Dear Henry
Many Thanks indeed.
It was always a
pleasure to work
with you
SHe.*
