Dear Dr. Olders:-

Belated thanks for addressing our membership on Monday, January 19 at the Institute of Community and Family Psychiatry on "Hope in Manic Depressive Illness and Its Treatment". This is a topic that we hadn't touched upon in the past and judging from the questions, you could easily have seen that a lot of parents were most anxious to hear about.

Once again, many thanks for coming. Our fondest regards to Ann from all of us.

Sincerely,

Queenie Grosz, Chairman
Program Committee
