March 22, 1985

To Whom It May Concern:

Dr. Henry Olders is presently doing his fourth year of residency in Psychiatry at the Jewish General Hospital where he is also the Chief Resident.

He shows an above average knowledge of Clinical Psychiatry and Basic Sciences. He has a good clinical judgement, is well organized and generally very competent.

Dr. Olders manifests also considerable interest in academic pursuits.

I strongly support his application for eligibility to the oral and clinication examination in Psychiatry.
