

November 9, 1981

For your records Henry.

ED

Dr. A.M. Ghadirian,
Director of Medicine Education,
Douglas Hospital Center,
6875 Lasalle Blvd.,
Verdun, P.Q. H4H 1R3

Dear Dr. Ghadirian,

Re: Dr. Henry Olders

It is a pleasure to write a letter in support of Dr. Olders' application for a year's training in your hospital. Dr. Olders has been on the adult psychiatric service since July 1981, and was with us for a month during his medical/student clerkship.

In all categories of performance he is above average so I will not detail them. However, I want to underline an attribute which is rare and that is, he is an excellent leader. He presents his position about clinical (and non-clinical) matters in a clear and straightforward way. He works excellently with different professions and all levels of team function. He is an eager student, a competent clinician, a good doctor, and a compassionate person.

I recommend him highly to you.

Sincerely,

ED

Edward D. Levinson, M.D.
Clinical Director,
Dept. of Psychiatry
