Dear Dr. Olders,

On behalf of those in attendance at our Mental Health 60+ Teaching Rounds at CLSC René-Cassin on January 15, 2002, please allow me to thank you for your very informative presentation.

We strongly believe the sharing of expertise to be imperative in our growth as clinicians and feel privileged when presenters, such as you, make the effort and take the time to convey your knowledge.

Again, our sincere thanks.
